OPHA-UMTHETHO

"Intaba yaseSinayi yagcwala intuthu, ngokuba uJehova wehlela phezu kwayo esemlilweni, yasukuma intuthu kuyo njengentuthu yesithando, lentaba yonke yazamazama kakhulu."— Eksodusi 19:18 .

Ukwethulwa koMthetho kaNkulunkulu eSinayi kwakuyinto enhle kakhulu leyesabekayo (Heb. 12:18-21). Akekho olungiselwe into efana laleyo. Ngakho-ke, abantu kwakudingeka bazihlanze kusengaphambili futhi bagcine ibanga elifanele ukuze bangadliwa yinkazimulo yaphezulu (Eks. 19:10-12).

Kungani kwakudingeka ilungiselelo elinjalo?

Amazwi uNkulunkulu ayezawakhuluma kubo ayeyikubonakaliswa kwesimo Sakhe uqobo. Ukuyilalela kuyikuphila; ukungazilaleli kuyikufa. U-Israyeli kwakufanele aqaphele ngokugcweleyo ukubaluleka lokuqakatheka “kwamazwi esivumelwano, iMithetho Elitshumi” (Eks. 34:28).

Kuye kwabhalwa izinguqulo ezimbili zalo Mthetho: enye ekuqaleni kuka-Eksodusi, enye njengengxenye yezinkulumo zikaMose zokugcina ngaphambi kokungena eKhanani.

Lanxa kungabonakala kusesabisa ukwethulwa kwawo, uMthetho ubonisa okuhle kakhulu kwesimo sikaNkulunkulu: uthando (Roma 13:10).

IMITHETHO ELITSHUMI

“NginguJehova uNkulunkulu wakho owakukhipha eGibhithe, ezweni lobugqila” (Eksodusi 20:2).

UNkulunkulu wethula uMthetho ngokwenza umsebenzi wawo oyinhloko ucace: “Ngikuhlengile esonweni, ngakho-ke, yilokhu okumele ukwenze kusukela manje kuqhubeke” (Eks. 20:2). Ukugcina uMthetho, kithina, kuyikusabela ekuhlengweni. Kuyimpendulo yothando othandweni olwamukelweyo.

“Uthando luyikugcwaliseka komthetho” (Roma 13:10)

INCAZELO YOMTHETHO

UMSEBENZI WOMTHETHO

“Ngakho umthetho waba ngumlondolozi wethu kwaze kwafika uKristu, ukuze silungisiswe ngokholo” (KwabaseGalathiya 3:24).

Yiyiphi eminye yemisebenzi yoMthetho?

**Kusivikela ebubini
(IHu. 119:104)**

**Usinika
ukuhlakanipha (Dut. 4:6)**

**Ukhomba
izono zethu
(Rom. 7:7)**

**Usinika
ukuchuma (Josh. 1:8)**

**Usinika
ukuhlakanipha (Dut. 4:6)**

**Kusinika
inkululeko (Jakobe 2:12)**

**Kusinika
ukuthula (IHu. 119:165)**

Insindiso ayikho phakathi kwemisebenzi yayo (Gal. 2:16). UMthetho ufana lesibuko lapho izono zethu zibonakaliswa khona (Jakobe 1:23-25).

Ukwephula isibuko akususi amabala; ukungasinanzi akukwenzi futhi. Kodwa ngaphandle “kwesibuko” [umthetho] besingeke sazi ukuthi singcolile [ngesono], lokuthi sidinga “iduku” [uKristu] ukuze asihlanze

IBhayibheli licacile: UMthetho muhle (Roma 7:12); ukuzindla ngayo kuyathokozisa (IHu. 1:2). “O, yeka indlela engiwuthanda ngayo umthetho wakho, ngizidla ngawo usuku lonke” (IHu. 119:97).

UMTHETHO NJENGESITHEMBISO

“Wamemezela kini isivumelwano sakhe alilaya ukuba lisenze, AMAZWI ELITSHUMI, wawaloba ezibhebheni ezimbili zamatshe” (Duteronomi 4:13, isiHebheru sokuqala

Isibonelo: “Akuphuthanga lezwi elilodwa [dabar] kuzo zonke izithembiso zakhe ezinhle azithembisa ngenceku yakhe uMose” (1 AmaKhosi 8:56).

Imithetho Elitshumi iyizithembiso ezilitshumi uNkulunkulu azenza kithi, ezihloselwe ukusiqondisa endleleni efaneleyo

NgesiHeberu, izikhathi ezintathu iMithetho Elitshumi okukhulunywe ngayo, ibizwa ngokuthi “amagama alitshumi”. (Eks. 34:28; Dut. 4:13; Dut. 10:4).

Ake sicabange ngalokhu. Sisuke sitsho ukuthini uma sisithi komunye umuntu, “Ngikunika izwi lami”?

Eqinisweni, asikuniki lutho; sikwenzela isithembiso. Siyakuqinisekisa ukuthi sizokwenza okuthile okuphathekayo.

Ngakho, igama lesiHeberu elithi “dabar” lingahunyutshwa ngokuthi “izwi” loba “isithembiso.”

UMTHETHO NJENGESIPHETHO

“Ngokuba uKristu uyisiphetho somthetho kube yikulunga kubo bonke abakholwayo” (KwabaseRoma 10:4).

Igama elithi “ukuphela” elisetshenziswe emthethweni kaPawulu kwabaseRoma 10:4 lithi “telos.” Ithini incazelo yaleli gama?

Incazelo eyinhloko ithi: umcijo ukhonjiswe njengomkhawulo loba inhloso. Ngencazelo (izincazelo zesibili): isiphetho, , umphumela, inhloso. Incazelo yawo ethile kufanele inqunywe ngumutsho osetshenziswe kuwo

Uma sihumutsha lokhu ngokuthi “uKristu uyisiphetho somthetho,” awusekho umthetho kusukela ekufeni kukaJesu. Ngakho-ke, asikho isono. UPawulu wayezabe eziphikisa (Roma 7:7).

Uma sihumutsha “uKristu uyindawo umthetho okhomba kuyo,” uPawulu akaguquguquki, ngoba umthetho usasebenza, futhi usiholela kuKristu (Roma 3:31; Gal. 3:24

“Umthetho wawungakhulunywa ngalesi sikhathi ukuze kuzuze amaHebheru kuphela. UNkulunkulu wabahlonipha ngokubenza abagadi labagcini bomthetho waKhe, kodwa wawuzophathwa njengempahla engcwele yomhlaba wonke. Imiyalo yeDecalogue yenzelwe wonke umuntu, futhi yanikezwa ukufundisa lohulumeni wabo bonke. Imithetho elitshumi, emifishane, ebanzi, futhi enegunya, ihlanganisa umsebenzi womuntu kuNkulunkulu lakubantu bakibo; futhi konke kusekelwe esimisweni esikhulu esiyisisekelo sothando.”
