IZIZATHO ZOKUBONGA

ukuzethemba ngalokhu, ukuthi lowo owaqala umsebenzi omuhle kini uyowuqhubekisela ekupheleni kuze kube lusuku lukaKristu Jesu" (Filiphisi 1:6)"

UPawulu uqala incwadi yakhe ngokubonga uNkulunkulu ngabakholwayo eFiliphini (Fil. 1:3), ababemthanda kakhulu (Fil. 1:8).

Njengezikhathi lapho umpristi ophakemeyo egqoke ibheqe lakhe lesifuba, eduze lenhliziyo yakhe, amagama ezizwe zika-Israyeli abhalwe emadwaleni lapho emi phambi kukaNkulunkulu, uPawulu wayephethe "enhliziyweni yakhe" ilunga ngalinye lebandla lapho emi phambi kukaNkulunkulu emithandazweni ukuze abaxhumanise (Fil. 1:7).

Ukubonga kwakhe kwakuhlanganisa ukuthi amaFiliphisi ahlala ethembekile kuvangeli, lokuthi uNkulunkulu wayelungisisa bona nsuku zonke (Fil. 1:5-6).

Isizathu sesithathu sokubonga kwakuyikuthi amaFiliphisi ayesaba laye "ezibopho zami, lasekuzivikeleni lasekuqiniseni kwevangeli" (Fil. 1:7).

IZICELO ZOMTHANDAZO

"Futhi lo ngumthandazo wami: ukuthi uthando lwakho lungakhula kakhulu kakhulu ekwazini lasekujuleni kokubona, ukuze ukwazi ukuhlukanisa okuhle kakhulu futhi ube mhlophe ngaphandlekokufanisa, ngosuku lukaKristu, ugcwele izithelo zolulimeko okuza ngoJesu Kristu—ekubongeni lasekudumeni kukaNkulunkulu."
(Filipi 1:9-11 NIV)

Singacabanga ngokufuqwa kukaPaul ekuthandazeni njenge "sizathu esihlotshanisiwe" (Filipi 1:9-11 NIV):

Sengathi uthando lungakhula kuwe

Lokhu kuyokwenza ube lolwazi olukhulu

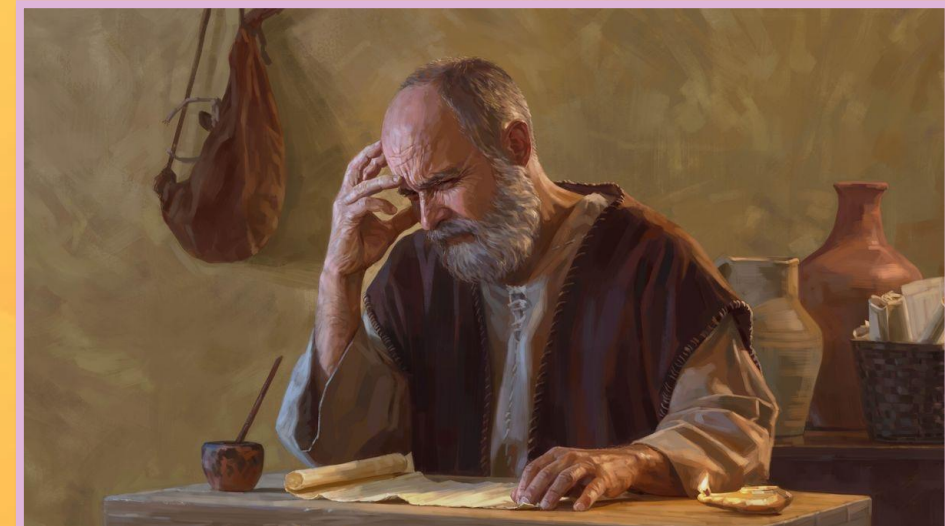

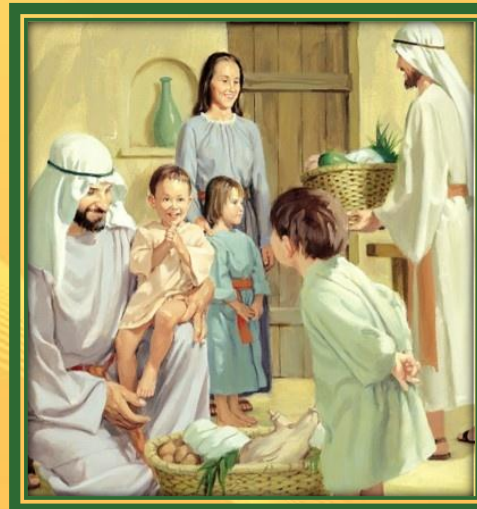

Uzokwazi ukuhlukanisa okuhle kakhulu

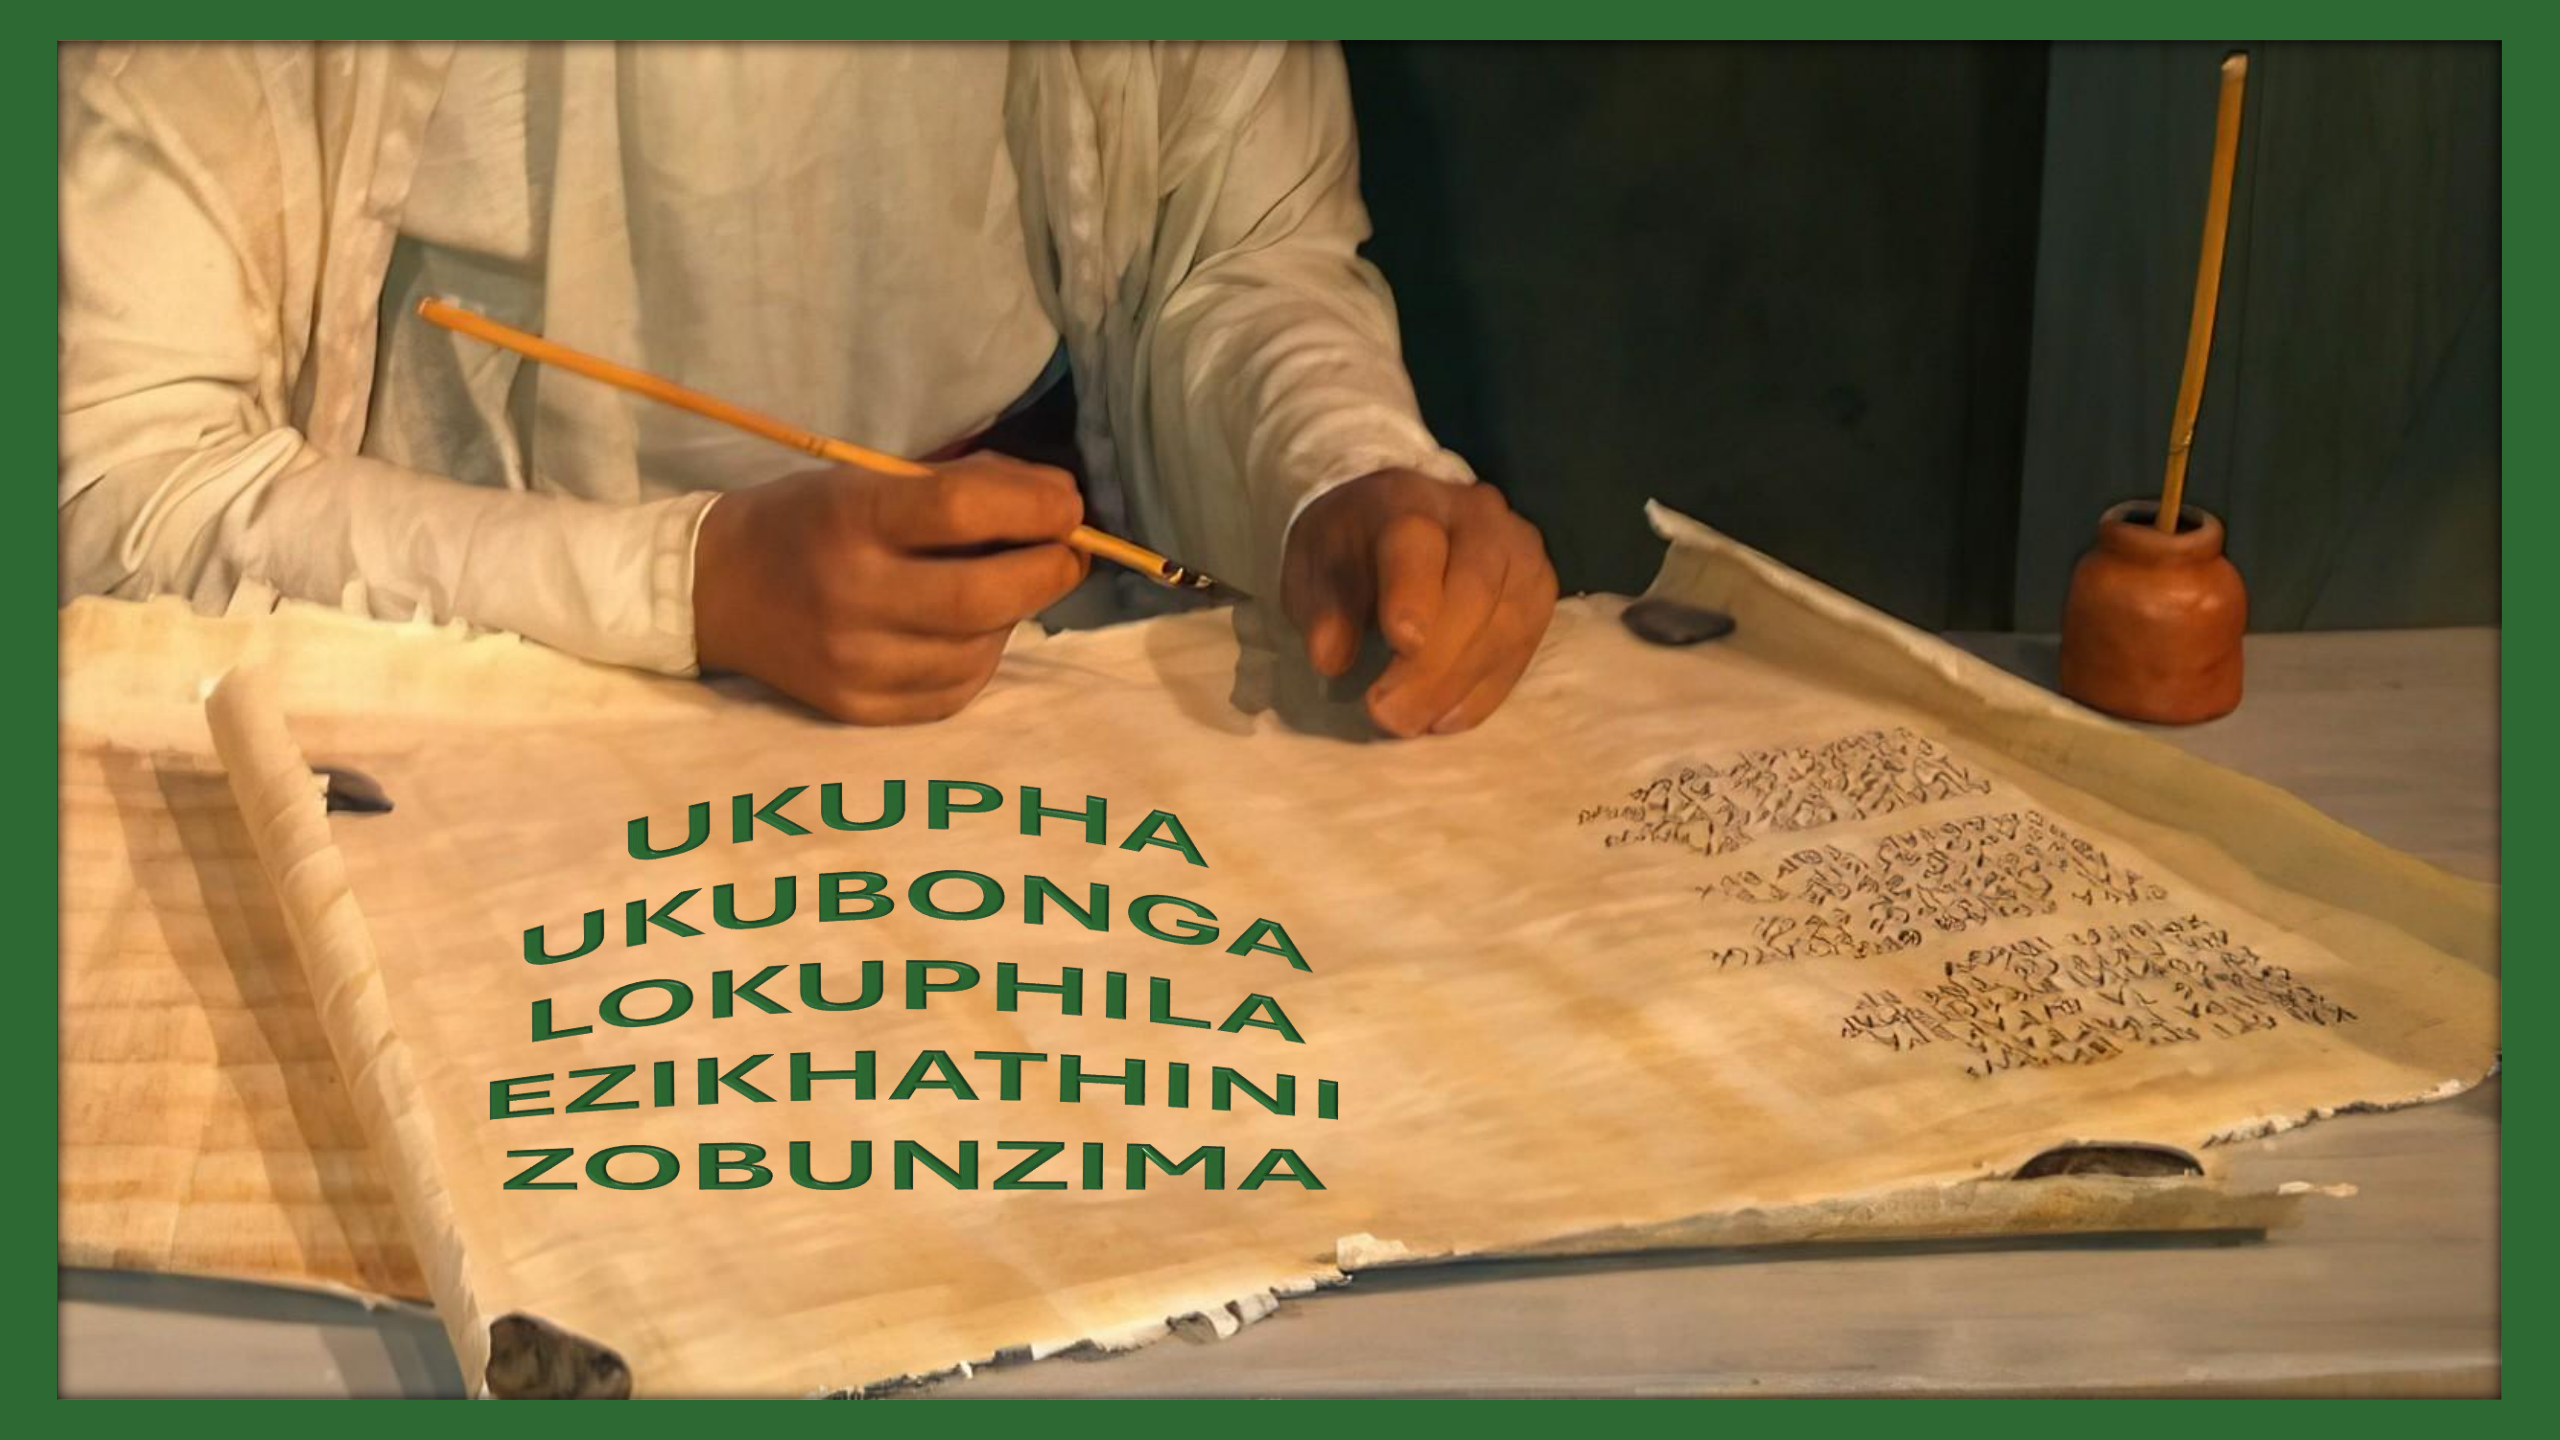

Uzoba ngcwele futhi ube ngowesimilo esihle

Uzoveza izithelo ngoJesu Kristu

Lokhu kuzoletha udumo lokudumisa kuNkulunkulu

Senzeni ukuthi uthando lwethu "lukhule kakhulu langaphezulu"? Kungani kubalulekile kangaka empilweni yobuKristu?

ITHUBA LOKUVIKELA IVANGELI

"Manje ngiyathanda ukuba lazi, bazalwane, ukuthi okwenzekileyo kimi kuye kwaholela ekuthuthukiseni ivangeli. (Filipi 1:12)"

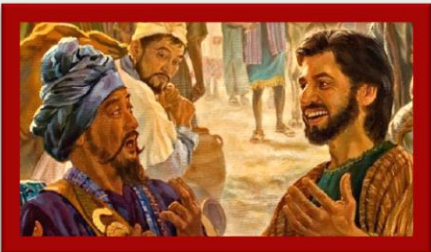

Lapho abaseFilipi besizwa ukuthi uPawulu ubotshiwe eRoma, bakhathazeka kakhulu, futhi bathumela u-Epaphrodito ngosizo lompostoli (Fil. 4:18).

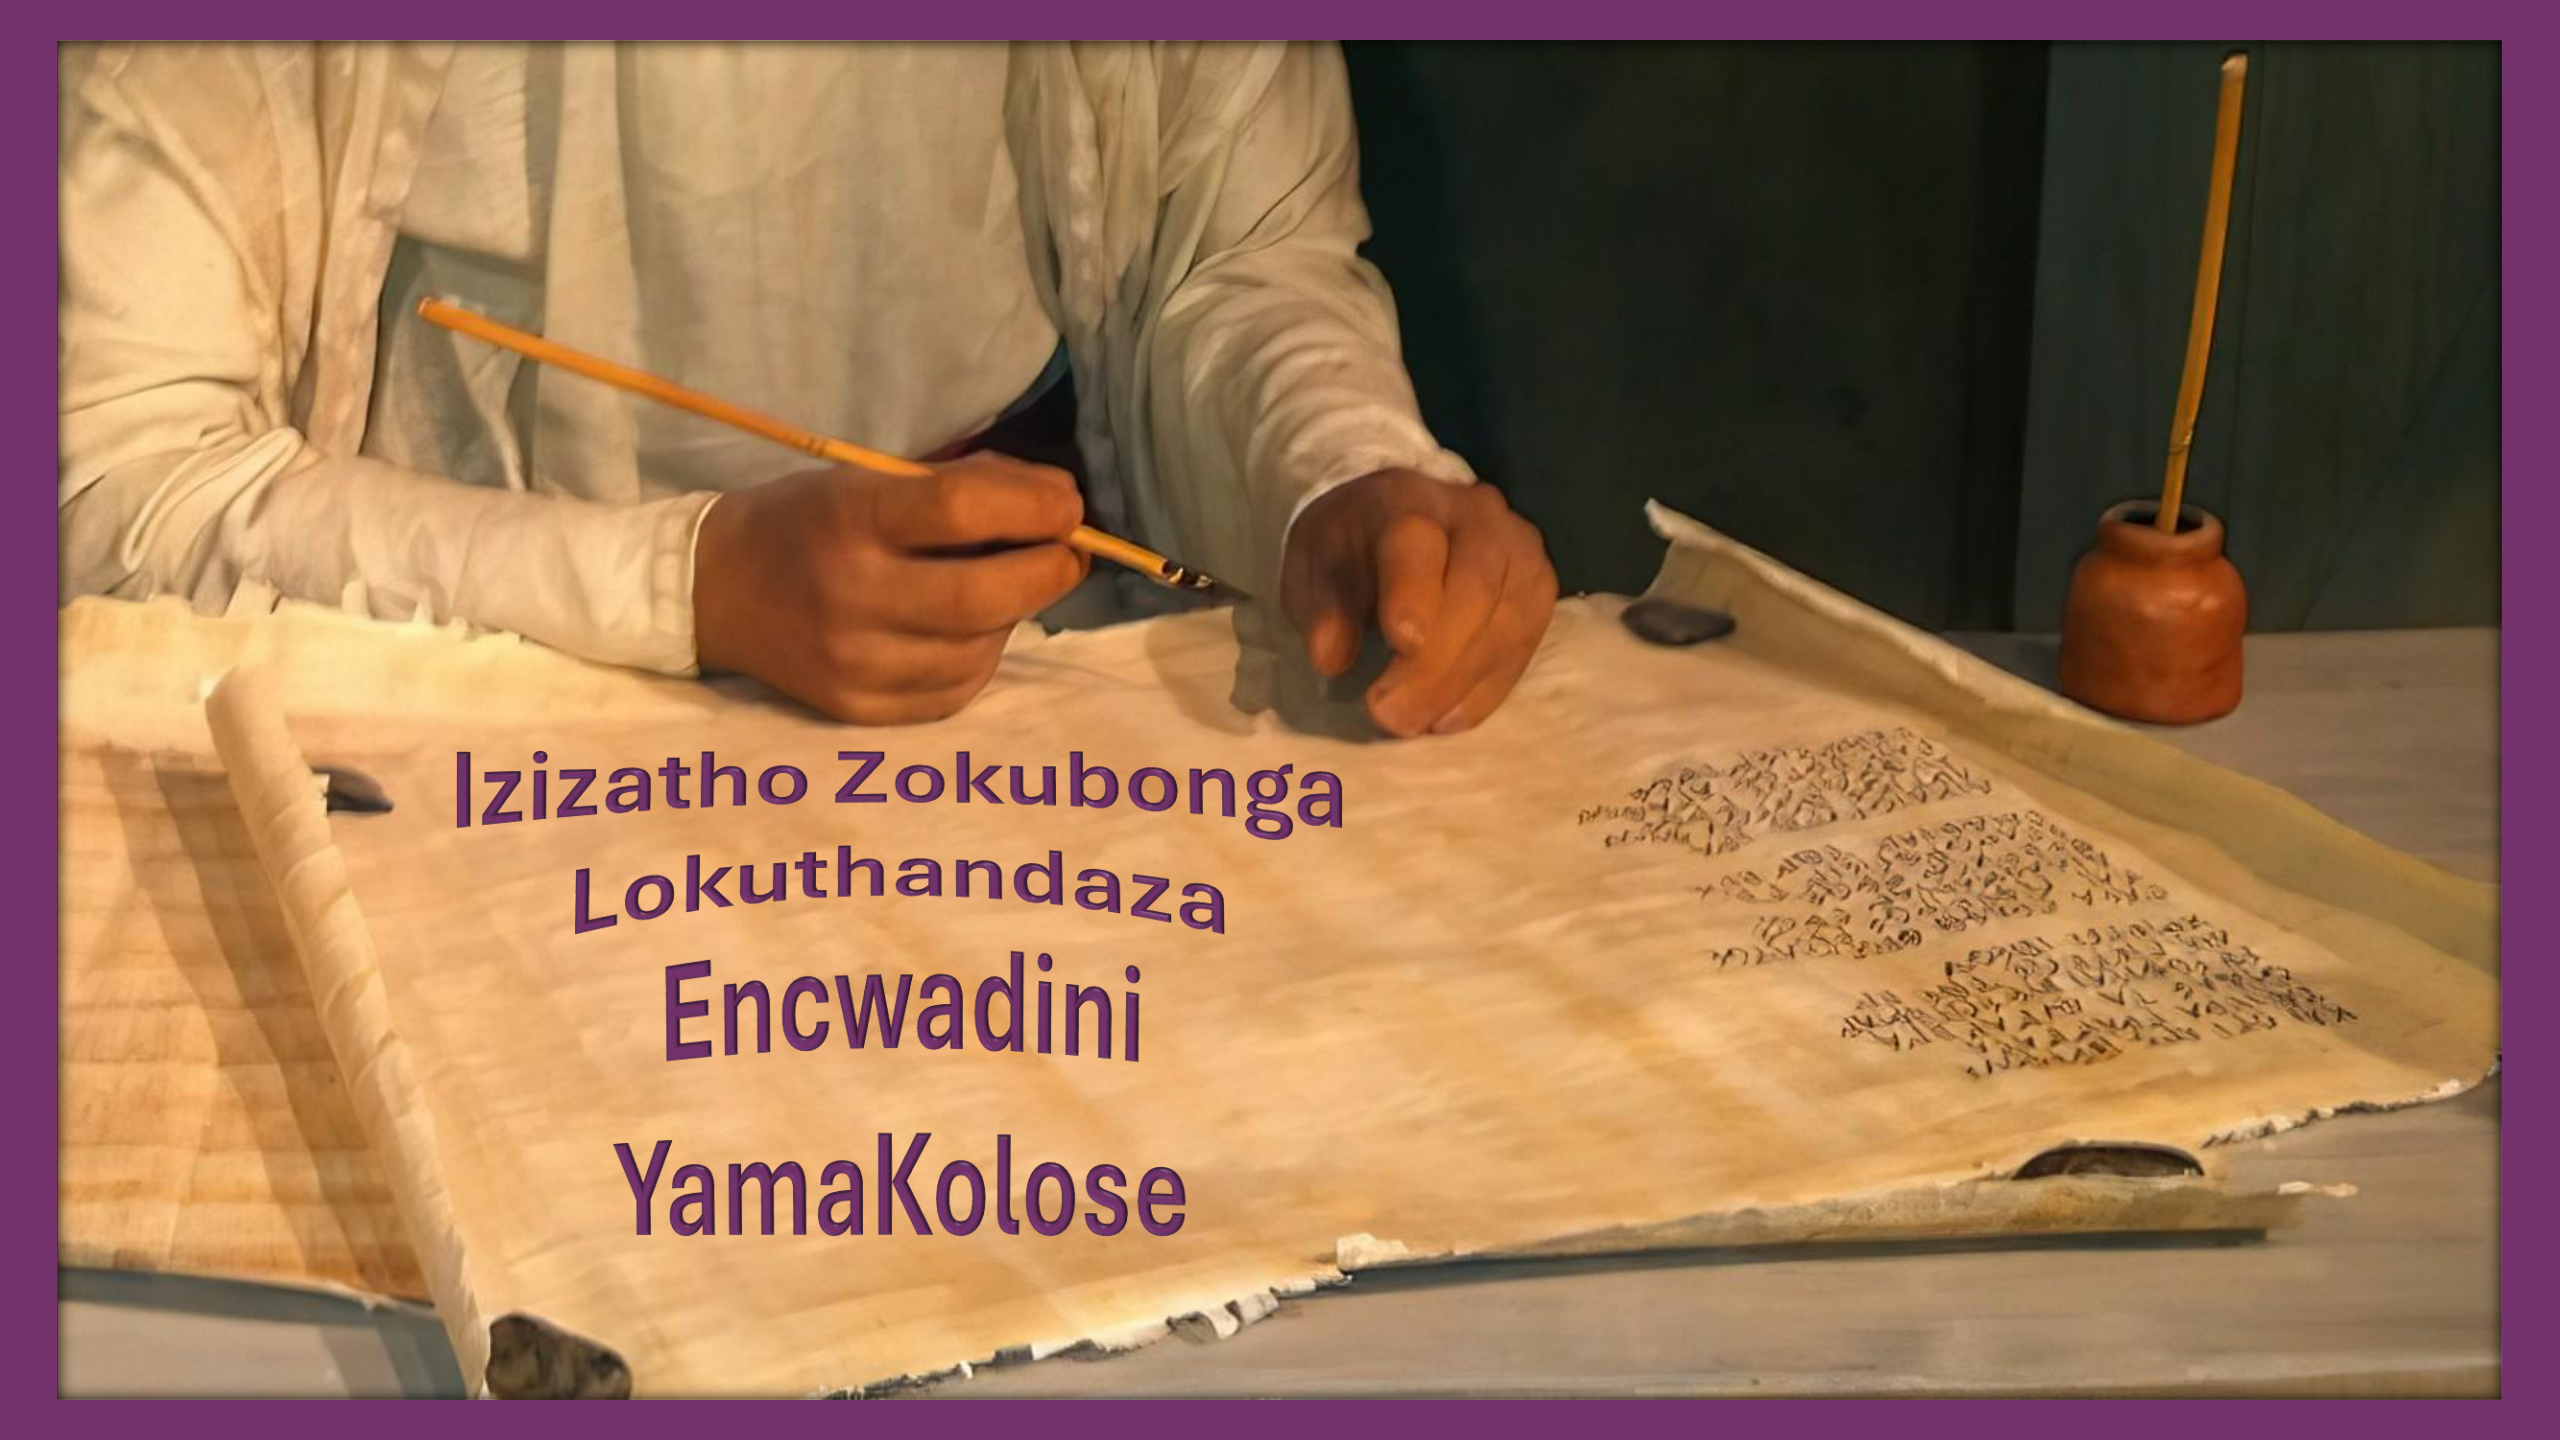

Kulokuba akhathazeke, uPawulu wabonga uNkulunkulu ngokubotshwa kwakhe. Kungani ubonga? Ngoba ngale ndlela wakwazi ukutshumayela kubani, ngaphandle kwalokho, wayengeke afinyelele (Phil. 1:13).

Ngaphezu kwalokho, ukubona isimo senhliziyo se-mpostoli, abanye abafowabo abathembekileyo bagqugquzelwa, futhi baqala ukufundisa izindaba ezinhle ngaphandle kokubheka ubunzima obuhambisana nakho (Flp. 1:14).

Abanye, becabanga ukuthi ukukhuluma ngokusobala ngezindaba ezinhle kuzoletha ubunzima kuPhawuli, labo basize – ngokungafuni– ekusabalaliseni kwazo (Flp. 1:15-18).

IZIZATHO ZOKUBONGA

“Sihlale sibonga uNkulunkulu, uBaba weNkosi yethu uJesu Kristu, lapho sithandazela kini. (Kolosayi 1:3)”

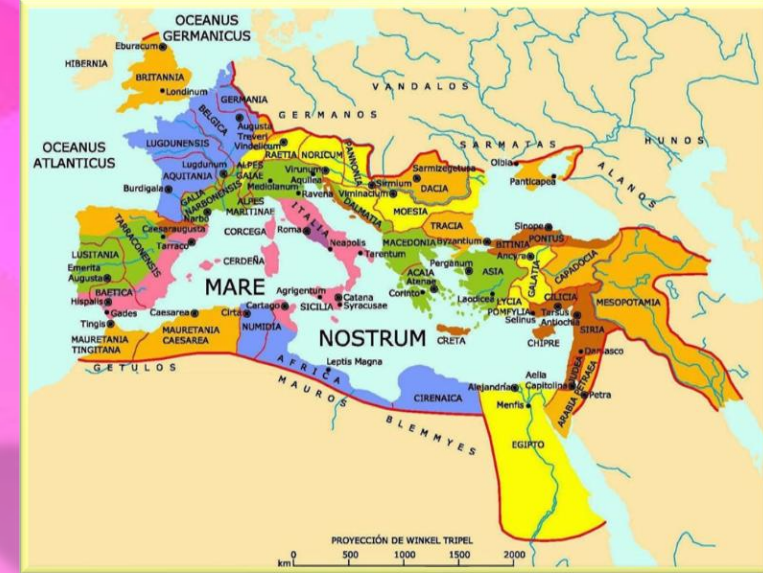

Siphinda amazwi ka-1 Korinte 13:13, uPaulu ubonga uNkulunkulu ngoba amaKolosayi alezi zimiso ezintathu zobuKristu: ukukholwa, ithemba, nothando (Kol. 1:4-5).

Lezi zimiso zivezwa “kuKristu uJesu”, zithinta ubudlelwano bethu “labahlanzekileyo bonke”, futhi sezidluliselwe kithi nge “gama langempela levangeli”.

UPaulu ugcizelela ukuthi le vangeline ayikhulunywanga kuphela kubo abakwaKolosayi, kodwa “kulo lonke izwe” (Kol. 1:6) ... futhi kungakapheli iminyaka engu-30 kuphela!

Amandla kaNkulunkulu, adluliselwa ngevangeli ngomsebenzi woMoya oNgcwele, kwenza iBhayibheli libe “ligama lokuphila” (Fil. 2:16). Lokhu kutsho ukuthi, ngokwamukela ivangeli, silempilo engapheliyo lesipho sohlanga “esigcinwe kini ezulwini” (Kol. 1:5).

IZICELO ZOMTHANDAZO

“Ngalesi sizathu, kusukela ngosuku sizwe ngalo ngawe, asikaze sekele ukukukhuleka. Sihlala sicela uNkulunkulu akugcwalise ngolwazi lwemvelo yakhe ngokuhlakanipha lokwazi konke okumnika umoya.” (KwabaseKolose 1:9)

Isicelo sokukhuleka sikaPhawuli sihlanganisa izinto ezinengi ezinhle kwabeKholose (Kol. 1:9-11):

Lomkhuleko wenziwa “bebonga ngenjabulo kuBaba” (Kol. 1:12).

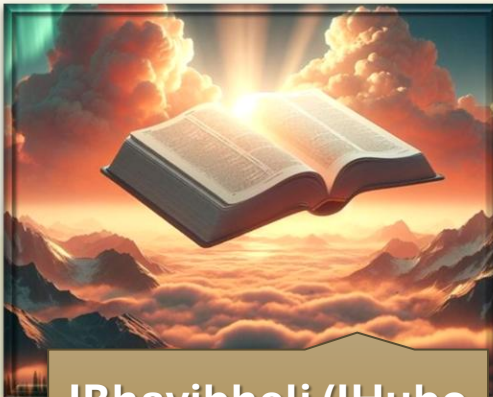

Kungakhula ulwazi ngoNkulunkulu, kuzakwenza bathole ukuhlakanipha lokuqonda ngokomoya

Baphile njengabantwana bakaNkulunkulu, bemjabulisa ngazo zonke izindlela

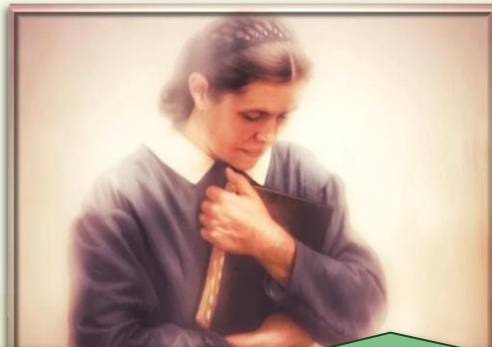

Baliswe izithelo futhi bakhule olwazini

Baqiniswe ngamandla kaNkulunkulu ukuze babekezelele

Kulezindlela ezine uNkulunkulu asebenza ngazo ukwenza umkhuleko kaPhawuli ube impumelelo kithi:

IBhayibheli (IHubo 119:105)

Umoya wokubekezela (Isambulo 19:10), ivezwe ngu-Ellen G. White

Ukuholwa nguNkulunkulu ngokuhlakanipha (Kol. 4:3)

UMoya oNgcwele (Is. 30:21)

“Impilo yethu kumele ibotshwe ndawonye lempilo kaKristu; kumele sihlale sithola kuye, sithathe, Isinkwa Esiphilayo esehla ezulwini, sikhupha emthonjeni ongapheliyo, osipha njalo izibusiso zalo ezinothileyo. Uma sigcina iNkosi ngaphambi kwethu njalo, sivumela izinhliziyi zethu ukuphuma ngokubonga lokudumisa kuye, sizoba lokutsha okuqhubekayo empilweni yethu yokholo. Imithandazo yethu izothatha isimo sengxoxo loNkulunkulu njengoba sikhuluma lomngane. Uzoziveza izimfihlo Zakhe kithi ngokwakhe. Kanengi kuza kithi umuzwa ojabulisayo wokuba khona kukaJesu. Kanengi inhliziyo zethu ziyatsha phakathi kwethu njengoba esondela ukuze ahlanganyele lathi njengoba esenza loHezekhu. Lapho lokhu kuyimvelo yeqiniso yesipiliyoni somKristu, kubonakala empilweni yakhe ubuqotho, ukufaneleyo, ukuthobeka.
